Program Handbook

Welcome to

MY DISNEY KITCHEN

CONGRATULATIONS, AND WELCOME TO THE NEIGHBORHOOD! This is your Disney kitchen—your very own place to explore, experiment, create and play! Whip up culinary delights using all the wacky appliances and gadgets. Bake and decorate cakes, try out your griddle skills as a short order cook, and cook up some recipes from the recipe box. Joining you in the fun are your neighbors, Mickey and Minnie Mouse! They love to stop by and taste the treats you create. So what are you waiting for? Get your apron on and start cookin'!

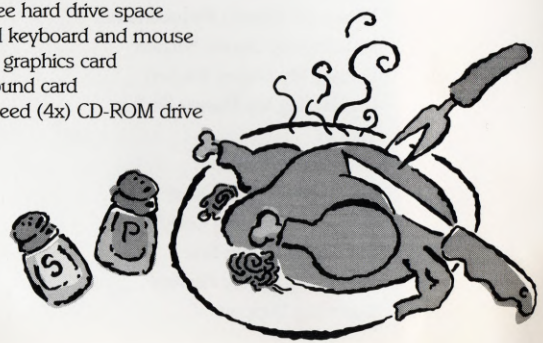
Minimum System Requirements

Windows 95®

- ☐ Pentium 90MHz (or faster processor)
- ☐ Microsoft® Windows 95 or later
- ☐ 16MB RAM
- ☐ 30MB free hard disk space
- ☐ Microsoft-compatible mouse
- ☐ Standard AT-101 keyboard
- ☐ 16-bit color video display
- ☐ 16-bit sound card
- ☐ Quad-speed (4x) CD-ROM drive

Macintosh®

- ☐ Power PC or faster processor
- ☐ MacOS System 7.1 or later
- ☐ 24MB RAM
- ☐ 30MB free hard drive space
- ☐ Standard keyboard and mouse
- ☐ High-res graphics card
- ☐ 16-bit sound card
- ☐ Quad-speed (4x) CD-ROM drive



Installing My Disney Kitchen

Exit all other programs and applications when installing *My Disney Kitchen*. Also exit any active screensavers, utility programs, anti-virus programs, or shell programs to ensure that these programs will not interfere with installation. When all other programs have been closed, verify that the CD-ROM is not smudged or scratched, then insert the CD in the CD-ROM drive.

Windows 95

If your CD-ROM drive is AutoPlay-compliant, the installation process will begin automatically when the CD is inserted in the CD-ROM drive. Follow the on-screen prompts to complete the installation. If the introduction screen does not appear, proceed as follows:

1. From the Taskbar, click on **Start** and select **Settings**; from the Settings sub-menu, click on **Control Panel** to open the Control Panel window.
2. In the Control Panel window, double-click on the **Add/Remove Programs** icon.
3. From the Install/Uninstall tab, click on **Install** to begin the installation.
4. Follow the on-screen prompts and instructions to complete the installation.

Macintosh

1. Insert the *My Disney Kitchen* CD into your CD-ROM drive.
2. From the window, double-click on the **My Disney Kitchen Installer** icon to launch the installation program.
3. Click on **Setup**, then click on **Install** (to install the program on your hard drive) or **Custom** (to specify another location).
4. Follow the on-screen prompts and instructions to complete the installation.

Starting My Disney Kitchen

Exit all other programs and screensavers and then insert the *My Disney Kitchen* CD into the CD-ROM drive.

Windows 95

If your CD-ROM drive is AutoPlay-compliant, *My Disney Kitchen* will automatically launch and you will be able to play. If your CD-ROM drive is not AutoPlay-compliant, start the program by clicking on **Start** and select **Programs**. From the Programs sub-menu, point to **Disney Interactive**, select the folder called **My Disney Kitchen** and click on the **My Disney Kitchen** icon.

Macintosh

Double-click on the **My Disney Kitchen** icon in the My Disney Kitchen CD-ROM window.

Uninstalling My Disney Kitchen

Windows 95

To remove the program from your hard drive, click on **Start** and select **Programs**. From the Programs sub-menu, select **Disney Interactive**, then the folder called **My Disney Kitchen** and click on the **Uninstall My Disney Kitchen** icon. Follow the on-screen instructions to complete the uninstallation.

Macintosh

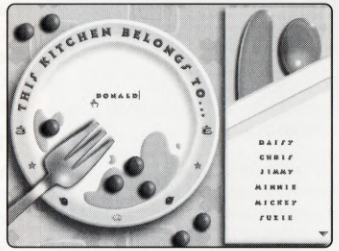
Open the Disney Interactive folder on your hard drive. Drag the **My Disney Kitchen** folder to the Trash Can on your desktop.

Key Commands

Command + Q (Mac) . . . .Quits and returns to desktop.
Alt + F4 (Windows) . . . . .Quits and returns to the Program Manager or Win 95 desktop.

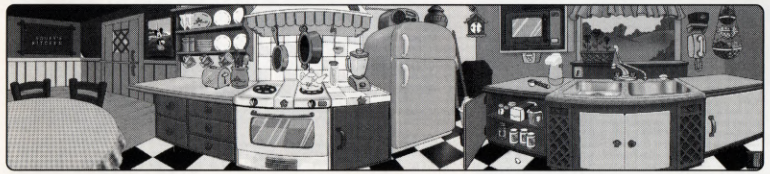
Sign In

If you are playing for the first time, Mickey and Minnie Mouse will ask you to type in your name. After typing in your name, click the fork on the plate (or press the Enter key on your keyboard) to start. Once you've signed in, your name will automatically appear on the list each time you play. You can select your name from the list and click on the fork. You will be taken to the kitchen screen and you'll find it just the way you left it the last time you played.



The Kitchen Screen

Your kitchen is a "living world" where you can play and experiment with food, fun gadgets and appliances. Joining you are your neighbors from across the street, Mickey and Minnie Mouse. Within the kitchen are three activities with special kinds of play: the Make A Cake Oven, the Good Morning Griddle and the Magic Recipe Box.



In This Kitchen

- ☐ **Anything you can cook, you can burn...**

- ☐ **Your toaster has a mind of its own! If you pop the toast out too early, you'll have to go looking for it!**
- ☐ **The popcorn maker makes popcorn with or without a bowl underneath it.**
- ☐ **You can make messes with the ketchup, mustard, whipped cream, or eggs (try cracking them on the countertop or floor).**
- ☐ **If you throw a few food items out, Mickey and Minnie Mouse will come by and drop off some more.**
- ☐ **There's a wrench in the cupboard under the sink in case there's a leak!**
- ☐ **Play music on your radio for some cooking inspiration.**
- ☐ **Don't leave your ice cream outside the refrigerator too long—it'll melt!**
- ☐ **Your flowers need water. Use your sink sprayer to help them grow.**

Getting Around the Kitchen

The cooking mitt is your cursor. The mitt will turn black when passed over an area or object that you can click to make something happen. Clicking on certain objects will also bring you into various activities. Any object with a star on it indicates an activity. The star on the counter under the blender opens the Make-a-Cake Oven, the star in the center of the stovetop opens the Good Morning Griddle, and the star on the recipe box (over the telephone) opens the Magic Recipe Box.

To move to a different area of the kitchen, roll your mitt cursor to the far right or far left of the screen. If a large kitchen mitt appears, you will automatically move in the direction indicated. If no mitt appears, you can't move anymore (you are probably already at one end of the screen). If the mitt appears and you change your mind on moving, simply move your cursor away from the edge and back towards the center of the screen.

Cooking In the Kitchen

Anytime your mitt cursor turns from white to black, it means you can either pick the item up or turn something on. For starters, open all the cupboards and turn on all the appliances. Pick up items, move or rearrange them. Then work your way up to cooking. Try making a grilled cheese sandwich or popping some popcorn. Roast a chicken or make fresh orange juice in the blender. Make a mess on the floors or countertops with the whipped cream or ketchup. It's all up to you!

Cleaning Up the Kitchen

We've made this chore a snap! Put things away in cupboards or cabinets by picking them up and dropping them there. For food and liquids, either throw or pour them out in the garbage can, or simply drop them down the garbage disposal. The switch is on the left side of the sink. Remember—it's always best to turn the water on while this is running. For small messes, like spills or squirts that look untidy, try the handy sponge under the sink. And, for those large messes, click on the magic mop next to the garbage can. This cleans the kitchen completely and puts everything back where it belongs. But be careful—the Magic Mop is powerful! If there's anything you've cooked or prepared, like a freshly cooked hamburger or ear of corn, it will disappear and return uncooked to the refrigerator.

Mickey and Minnie Mouse

Mickey and Minnie Mouse are your neighbors and live just across the street—and what great neighbors they are! Friendly and helpful, they often drop by unannounced at the kitchen window or the door to check in, chat, offer advice, give tips, admire your cooking or even drop off groceries or gifts. You can call Mickey and Minnie Mouse on the phone, too—they always have something to say, whether it be about good manners in the kitchen, handy safety tips to know or just a funny joke!

- ☐ **Try your hand at decorating your kitchen to suit your personal style. If you see a 'tear' in the wallpaper, click to see what happens. Click on the picture frame to change the portraits.**
- ☐ **The left side of the sink is for filling up pots or containers with water. You can also pour out liquids there. That's also where you'll find the garbage disposal (any food can go in there).**
- ☐ **The right side of the sink is the place to wash dishes. Don't forget to put in the sink stopper and use your dishwashing detergent. It makes lovely bubbles, and gets the dishes sparkling clean.**
- ☐ **If you have liquid in your stockpot or mixing bowl, use your baster to get a baster blast!**
- ☐ **You can put practically anything in the blender, but if it's too big (like a whole chicken or a steak), it's better to chop it up with your knife first.**
- ☐ **If you make soup, use your ladle to serve it from a bowl or stockpot into serving bowls. You can even ladle some onto the floor!**
- ☐ **Set the table with napkins, forks, knives and spoons. Change the tablecloth to change the look completely! You'll find extra tablecloths in a drawer under the toaster.**

Kitchen Cooking Ideas

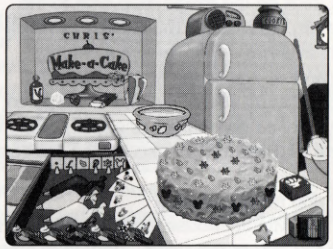
- ☐ **Try making a baked apple, or put it in the blender to make applesauce!**
- ☐ **Use your blender to make ice cream milkshakes or banana smoothies. They'll look great in your parfait glasses.**
- ☐ **Make some scrambled eggs in the frying pan. Put butter in the pan first so it doesn't stick.**
- ☐ **Bake or fry up some chicken.**
- ☐ **Cook some corn or puree it into creamed corn.**
- ☐ **Make a grilled cheese sandwich using your frying pan. Place toast or bread in pan, top with sliced cheese and top with another piece of bread or toast.**
- ☐ **Bake, boil or puree a pizza!**
- ☐ **Make hot dogs and hamburgers (and don't forget the ketchup and pickles)!**
- ☐ **Whip up an ice cream sundae in a parfait glass using your ice cream scooper and top with chocolate syrup. Whipped cream on top gives you the finishing touch.**

The Make-A-Cake Oven

This is the place to explore your creativity and create a masterpiece to share with your cake-tasting neighbors, Mickey and Minnie Mouse. You'll find a bowl filled with batter, along with some batter flavorings, a kitchen mitt and a large cake pan.

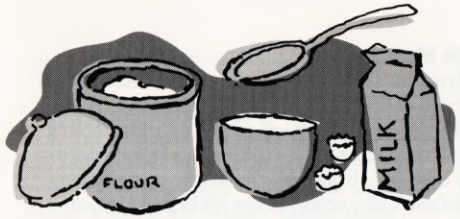
Getting to The Make-A-Cake Oven Activity

Click on the star on the edge of the counter under the blender. You'll be bakin' in no time!



Preparing the Batter

In the batter bowl, you can change your batter to vanilla, strawberry, chocolate or lemon! Just add a flavor you like to the batter and see what happens. Make sure you use the mixer to mix it all up. Then pour your batter into the pre-greased cake pan.



Baking a Cake

The oven has already been preheated for you. Just turn it on. But be careful, cakes do burn! When the cake is done baking, you can open the oven, take out the cake, and put it back on the counter.

Decorating a Cake

Now that your cake has cooled, it's time to decorate! Open your decorating drawer to try out all your professional tools: an assortment of frostings, icings, pastry nibs and Disney character stencils. Here's where master pastry chefs can really show off their talents! Just click on any tool to pick it up, then click to apply it to your cake. Put each tool back in the drawer when you're done.

Ejecting a Cake

If you want to start over at anytime during the decorating process, you'll be able to "eject a cake" right outta there by pressing on the eject button in the lower right hand corner. Look out—once you do this, you cannot get this cake back!

- ☐ **Make a peanut butter and jelly sandwich. Spread peanut butter on bread, then jam on top, and add another piece of bread.**
- ☐ **Boil spaghetti (use your colander in the sink to drain, if you like), place in large serving bowl, and pour tomato sauce on top. If you like meatballs, cut up a hamburger patty into meatballs; cook and place on top.**
- ☐ **Place some pickles in the blender to make some relish for your hot dogs.**
- ☐ **First, bake a potato (either in the microwave or oven). Then, either mash a potato in the blender or make french fries or home fries (use the knife and oven or frying pan).**
- ☐ **How about some chicken soup? Put some veggies in the stockpot, water and throw in the chicken!**
- ☐ **You can use your lemonade pitcher to carry any liquid.**
- ☐ **Cereal and milk with some sliced fruit is a very nutritious breakfast. It will also look lovely on your kitchen table.**

Sending Cakes to Mickey and Minnie Mouse

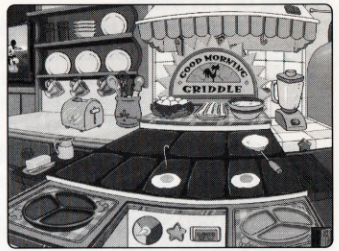
Once you've decorated your culinary creation, it's time to invite Mickey and Minnie Mouse over for some cake! Just click on the Mickey and Minnie Mouse button on the bottom right of the screen, and the cake will disappear (it will go to the kitchen table in the kitchen). If you want to create a new cake and send it to Mickey and Minnie Mouse, the new cake will replace the previous cake sent. If you want to see the cake you sent to the table, you must exit the Make-A-Cake Oven activity to see Mickey and Minnie Mouse eat your cake!

Exiting The Make-A-Cake Oven

To exit this activity, click on either:

a) the star at the bottom of the screen
b) the darkened background surrounding the activity

The Good Morning Griddle



Who ever said being a short order cook is easy? How much breakfast can you make for Mickey and Minnie Mouse? Whether you choose to make one item at a time or fill up the whole griddle, it sure is fun to play! You can make eggs, bacon and pancakes (that's Minnie's favorite)! Get your spatula and get ready for some fun flippin'!

Getting to The Good Morning Griddle Activity

Go to the stove. In the center of the stove you'll see another star. Click on the star to start flippin' some pancakes, eggs and bacon!

Cooking Pancakes, Eggs and Bacon

The griddle's always on, so there's no need to turn it on—simply grab an egg, a strip of bacon or a cupful of pancake mix and plop it on the grill. Then quickly get your spatula (at the right of the screen) and get ready to flip. Here are some hints that tell you when it's flipping time:

Pancakes: When the batter bubbles, or the pancake changes color.
Eggs: When the egg yolk changes color.
Bacon: When it starts to shrink.

NOTE: WHEN STEAM LINES APPEAR, THIS JUST TELLS YOU IT'S COOKING...

All breakfast items must be flipped once. After having been cooked on both sides, it's time to use your spatula to quickly get them off the griddle, and onto Mickey and Minnie's plates. Pile on as much food on as you like—they'll stay warm next to the griddle!

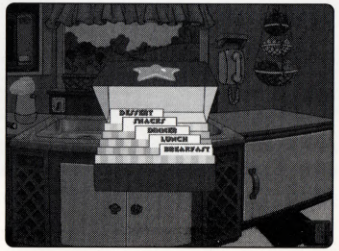
Heating Up The Griddle
Now that you've got the hang of things, you can challenge yourself by cooking multiple foods on the griddle, or, you can turn up the griddle dial. Normally, the griddle is always set to yellow, which is the low setting. If you really want to start things flipping, set it to orange (medium) or red (high)—now the heat is really on!

Sending Breakfast to Mickey and Minnie Mouse
Once you've piled enough food on the plates, it's time to invite Mickey and Minnie Mouse over for breakfast! Just click on the Mickey and Minnie Mouse button on the bottom right of the screen, and the plates will disappear (they'll go to the kitchen table in the kitchen). If you choose to make more breakfast and send the new food to Mickey and Minnie Mouse, it will replace the previous breakfast you sent. You must exit the Good Morning Griddle activity to see Mickey and Minnie Mouse eat your breakfast!!

Exiting The Good Morning Griddle
To exit this activity, click on either:
a) the star at the bottom of the screen.
b) the darkened background surrounding the activity.

The Magic Recipe Box

Now that you've learned how to do all these things in your Disney kitchen, it's time to show off your talents at home with the help of a family member or friend. Just peek inside the Magic Recipe Box to uncover 30 kid-friendly recipes and Disney classic animated videos! All the recipes cards are printable.



Getting to the Magic Recipe Box Activity
The Magic Recipe Box can be found above the phone. Click on the star to begin.

The Recipes
Each recipe contains a picture of the food, a list of ingredients and directions. You can click on all the ingredients and directions and hear them read by Mickey or Minnie Mouse. The 30 recipes were created by the experts at Family Fun Magazine.

The Classic Character Videos
Click on the picture of the food in the upper left corner of your recipe card to play a wacky food-related animated clip starring Mickey and Minnie Mouse and their friends!

Printing
To print your recipe card, just click on the print button on the card. Recipes can be printed on Avery Kids™ Postcards #3611, on 8½ x 11 paper, or on other card stock available where you buy printer supplies. Each card will be printed with your name on it. Collect your recipes and practice them at home! At the bottom of each card is a fun food fact related to that recipe (did you know that the first soup was made of hippopotamus bones, and it was served in 6000 BC?).

Exiting The Magic Recipe Box
To exit this activity from a food category card (a card with a list of recipes), click on either:
a) the star at the top of the recipe box.
b) the darkened background surrounding the recipe box.

To exit this activity from a recipe card, click on either:
a) the kitchen door button.
b) the darkened background surrounding the recipe card.

Exiting My Disney Kitchen

To exit *My Disney Kitchen*, click the little door at the bottom right of the kitchen screen.

Customer Support

If your computer system is not running the My Disney Kitchen CD-ROM properly, refer to the Parents' Help File to obtain information about running the program with the best possible performance. If you need additional information, Disney Interactive offers you a variety of support options.

Internet Support
The Disney Interactive Customer Support Web Site contains a variety of information that can be used to help your system run Disney Interactive programs with the best possible performance. To access information about Disney Interactive programs on the World Wide Web, point your browser to **www.disneyinteractive.com** and click on **Customer Support**.

Disney Interactive Fax-On-Demand Service
This service is available 24-hours-a-day at **(800) 965-5360**. Using a touch tone phone you can request information from an easy to use menu and have it faxed back to you during the same call or, if you are not at your fax machine, the system will fax the document later. Simply select the number of the document you wish to have sent to you. Select Document 1 to obtain a complete list of available documents.

Mailing Address
If you want to write to us, our address is: Disney Interactive Customer Support, 500 South Buena Vista Street, Burbank, CA 91521-8139.

Fax Support
Our fax machine is available 24-hours-a-day at **(800) 965-5820**.

Automated Telephone Support
This service is available 24-hours-a-day at **(800) 228-0988**. Using a touch tone phone, you can obtain answers to some of the most frequently asked questions regarding Disney Interactive programs. If you need additional information, our Customer Support staff is available Monday through Friday from 7:00 a.m. to 7:00 p.m. (Pacific Time).

TDD Support
Our Customer Support for the hearing impaired is available by telephone Monday through Friday from 7:00 a.m. to 7:00 p.m. (Pacific Time). The toll-free number is **(800) 441-1243**.

Replacing A Defective CD Or Missing/Damaged/Lost Items
Important! If, within 90 days from the date of purchase, you need to replace a defective CD-ROM or missing/damaged/ lost item, please be sure to include the following information when sending the defective CD-ROM or requesting the replacement of the missing/damaged/lost item: full name; daytime telephone number with area code; complete street address, apartment number (if applicable), city, state, and zip code. There is a $10.00 fee to replace lost or damaged items. If you need an item other than a defective CD-ROM replaced, include a description of that item. Do not mail the packaging or other materials; send only the CD-ROM or damaged item along with a note describing the reason for replacement to our mailing address listed above. Please add "Attn: Replacement" to the mailing address. Please allow four to six weeks for processing.

Satisfaction Guaranteed!
We are committed to bringing you the best software possible. If, for any reason, you are not satisfied with the product within 90 days from the date of purchase, just return to us the CD-ROM, Program Handbook and the original sales receipt along with a note describing the problem and how we can better serve you, and we will send you a check for the purchase price, plus any applicable sales tax. Please be sure to include in the note your full name, daytime telephone number with area code, complete street address, apartment number (if applicable), city, state and zip code. Do not mail the packaging or other materials; send only the CD-ROM, Program Handbook, and your receipt along with the note to the mailing address listed above. Please add "Attn: Refunds" to the mailing address and allow four to six weeks for processing. This offer is good in the U.S. and Canada only.
